

# AGA Hotcupboard with Warming Plate

Model # AHC

The AGA Hotcupboard is the original integrated solution giving owners two additional ovens for warming and simmering foods. This model boasts a large warming plate atop the hotcupboard giving additional serving space for buffet styled meals. This integrated solution attaches to the left of any 3-oven AGA Total Control or AGA Dual Control.

- Iconic AGA signature look with cast iron doors, front and top.
- Large 16 ¼”H x 14 1/8”W aluminum warming plate, perfect for keeping food warm prior to serving.
- Simmering oven at the top of the hotcupboard is perfect for slow cooking meats.
- Warming oven at the bottom is perfect for keeping desserts warm while eating your meal. Warm your tableware prior to serving.
- Push button control to operate; hotcupboard operates separate from the 3-oven cast iron range and other integrated solutions.
- Seamless integration giving the look of one large range
- Includes one large handle to complete the integrated look
