

28 INCH COUNTER DEPTH BOTTOM-FREEZER REFRIGERATOR

BRFB1452SSN

Contemporary European Design

Blomberg refrigerators harmonize refined design sensibilities with the demand for functional excellence. Thoughtful decisions include a streamlined counter-depth design for the clean sight lines you covet, reversible doors for ultimate flexibility, plus a luxurious stainless steel finish that resists fingerprints and makes cleaning effortless. Boldly beautiful Euro-style handles combine sophistication and strength to complement both your aesthetics and your active life. Inside, theatrical LED lighting brilliantly illuminates every corner while conserving energy. Prominent digital display puts complete control within easy reach.

In Harmony with Nature

Blomberg understands living well also means living intelligently and responsibly. It's a distinction that earned us the ENERGY STAR[®] 2017 Partner of the Year award. Featuring innovative technology that safeguards your food and ensures maximum freshness, our ENERGY STAR certified refrigerators also conserve energy, save money, and help protect the planet. The ultimate in eco-friendly engineering, Blomberg refrigerators are built with 99.9% lead-free materials, 100% free from ozone-depleting greenhouse gases, and manufactured with 85% recyclable components.

In Harmony with Your Life

Frost Free Cooling

Blomberg fridge-freezers keep fruits and vegetables fresher for longer periods of time. The frost-free cooling system creates a permanent cold environment, eliminating buildup of ice and bacteria in the freezer and avoiding unpleasant fridge odors. You will find that food packs don't stick together. Best of all, there is no need to manually defrost the freezer.

Flexi-rack

Featured in certain Blomberg refrigerators, this versatile chrome bottle holder suspends from a shelf to provide convenient extra storage. Ideal for chilling wine or keeping tall bottles of cold water on hand, this practical accessory makes the most of every inch of space.

Interior LED lighting

Never forget what's in the refrigerator again! Blomberg brilliantly illuminates every corner with white LED lights for better aesthetics and less energy consumption.

28 INCH COUNTER DEPTH BOTTOM-FREEZER REFRIGERATOR

BRFB1452SSN

Fridge Features

Frost Free Cooling
 Flexi-rack
 Finger print free stainless steel
 Interior LED lighting
 Field reversibility of doors

Freezer Features
