An island hood with an elegant vertical style, Chrome's design is simple yet sophisticated, with four separate panels of polished stainless steel, forming the sides of the chimney, which convey strength and timeless grace.

Chrome with the EDS3 (Elica Deep Silence) technology, delivers the golden pleasures of silence. With only 4.8 sones at top speed, the kitchen is truly a peaceful place to pass the time... in perfect silence.

The powerful 600 CFM blower and halogen lighting are operated by a touch sensitive steel rod control, aptly named the Magic Wand. A gentle touch of the finger to the rod is all it takes, or operate from anywhere in the room with the beautifully crafted Jet black remote control.

PLUS FEATURES

ELICA DEEP SILENCE - An exclusive sound deadening technology that utilizes a patented filter design, which substantially eliminates air turbulence and ultimately reduces sound levels by over 40%, compared to typical range hoods.

CLEAN FILTER ALARM - When activated, your hood will emit a "beep" signal to let you know when is time to clean your filters. For some models, an intermittent light will remain active until cleaning filter action is completed. See instructions manual to activate feature.

REPLACE FILTER ALARM- When activated, your hood will emit a "beep" signal let you know when is time to replace the carbon filters. See instructions manual to activate feature.
