FRENCH DOOR REFRIGERATOR

Free-standing only

Model: RF225C3CSEI

French Door Refrigerator

Metal-Tech Cooling ensures even distribution of cold air. A more consistent temperature allows better food preservation and long lasting freshness.

Smart WiFi with the Hisense ConnectLife app allows you to control the fridge from anywhere. Leave the door open you'll know, need to change the filter, you'll know. That's just a couple of the things ConnectLife can do!

The exterior filtered water dispenser allows you to portion out 150 or 500 ml of water or fill-up large pots utilizing the continuous dispense function - And don't forget the automatic ice maker in the freezer.

Utilizing an inverter compressor, your new fridge will be quieter and maintain a more consistent temperature in your fridge - A more stable temperature means foods last longer.

LED Lighting provides well balanced lighting in your fridge allowing you to easily find your next snack -

Adjustable door bins allow you to store a variety of things including those larger gallon sized beverages, and frees up valuable shelf space.

2 Years (Warranty) and 5 Years (Sealed system)

A step up to our premium 22.4 cu.ft. counter depth PureFlat fridge - with metal-tech cooling you get better air distribution and the Hisense ConnectLife app lets you control this smart fridge from anywhere - with an exterior water dispenser and an automatic ice maker in the freezer, you are ready for the party.
