

EURO-STYLE STAINLESS 42" LOW PROFILE CANOPY ISLAND HOOD

Signature Features

78,000 BTU RATING

High-powered cooking surfaces are not a problem for this ventilation system.

600 CFM BLOWER

Rapidly rids the air of smoke and steam so the air is fresh and clean.

LED TASK LIGHTING

Optimally positioned lights illuminate the entire cooking surface, giving a clear view of food as it cooks.

PREMIUM CRAFTSMANSHIP

Each individually crafted system is welded and polished to produce a sleek, seamless look.

BOOST FUNCTION

Clears the air quickly by raising the fan speed to its highest possible setting for 10 minutes, ridding the kitchen of smoke and steam.

QUIET OPERATION

Sound-reducing technology minimizes the sound of the ventilation system to conversation-friendly levels.

AUTO SENSE

Automatically turns the ventilation system on and adjusts power as needed.

DISHWASHER-SAFE METAL FILTER

Easy-to-clean filters that maintain optimal ventilation performance by keeping ductwork clean.

RECIRCULATING INSTALLATION OPTION

Allows for installation of a premium ventilation system without ductwork.
