

FRENCH DOOR REFRIGERATOR

FEATURING

StoreRight™ system

Dual cooling keeps food fresh and helps reduce freezer burn. An advanced dual cooling system keeps food stored in ideal environments by sensing conditions and adjusting humidity levels automatically.

PerfectPlaces™ system

Thoughtfully designed storage zones redefine organization. Features like the gallon door bins, temperature-controlled drawer, and pizza pocket help you organize fresh and frozen favorites so you're ready for whatever comes next.

ReadySet™ system

Dual icemakers are ideal to help you keep plenty of ice on hand. Now, store more than twice the ice.™

Every day, care.™
