

The Refrigerator Ice Maker Assembly is a replacement for your refrigerator's ice maker. It is intended to fit compatible brand refrigerators with the ice maker in the door. This ice maker assembly includes the fill tube and hardware needed to complete the installation. You will need to remove the bracket from your old ice maker and reattach it to the new ice maker. This is an accessory that can be used across several brands; check to see if your model number is compatible. Replacing this accessory will require basic hand tools, some disassembly of the refrigerator and novice repair experience.
